	<b>Title:</b> Quality Assurance Manual	<b>Date</b> 07-Apr-2010

## Clear Well Subsea Ltd.

### QUALITY POLICY AND OBJECTIVES

Our aim is, with the use of effective processes, to provide our customers with the highest service, product quality and reliability.

To manage our business Clearwell Subsea operates an integrated management system encompassing the requirements of ISO 9001:2008.

The system is designed to assure our customers of a planned and systematic approach to running the business and for meeting their and statutory requirements. The system is subject to internal audits and to third party audit of the system's quality aspects.

Our stated business objectives are:-

- Develop and implement effective planning and control for all processes
- To deliver product on time and budget
- To meet or exceed our customer's expectations
- To deliver practicable realisable designs
- To deliver high quality project and operational support
- To establish and maintain excellent working relationships with our customers

As owner of the company, I am committed to providing suitable resources to operate, maintain and improve the system, products and services to continue to meet the business objectives and regularly review objectives and performance.

Keith Evans  
Managing Director
